COSPLAY GUIDE JOHNNY SILVERHAND

CHARACTER

JOHNNY SILVERHAND

One of Night City's most iconic figures. Frontman of chrome-rock band SAMURAI, and as anti-corpo as they come, Johnny is the epitome of the term "rockerboy". Rebellious, and stubborn, this hot-headed son of a bitch went out with a bang back in 2023; come 2077, we find him stuck inside V's head.

The only one of its kind, made specially for rockerboy Johnny Silverhand. Plus, the collector's value is through the roof.
